RE: Quapaw Products, LLC
4280 Rifle Range Road
Vicksburg, MS 29180
(Cedar Chemical Afin # 54-00068)

Dear Mr. Peiserich:

The Arkansas Department of Environmental Quality (ADEQ) has received the Notice of Intent submitted on behalf of your above referenced client to acquire the Cedar Chemical property located at 49 Phillips Road 311, West Helena, Arkansas along with the completed Arkansas Brownfields Program application.

ADEQ's review of the information submitted demonstrates that Quapaw Products, LLC meets the requirements for participation in the Arkansas Brownfields Program as described in Arkansas Code Annotated (A.C.A.) § 8-7-1104(a). Therefore, Quapaw Products, LLC may proceed with the acquisition of the subject Cedar Chemical property and retain eligibility for participation in the Voluntary Cleanup Program established in A.C.A. § 8-7-1101(8).

Since a Comprehensive Site Assessment and the risk assessment have been completed on the site, the Department will provide you a Brownfields Program Implementing Agreement as the next step in the brownfields process.

The Arkansas Department of Environmental Quality hopes to encourage the redevelopment of Brownfields as a sustainable land use policy and to discourage the development of *greenfields* or pristine properties in the State of Arkansas. Your participation in this program is testimony to your commitment to this policy and the Department looks forward to working with you on this project. Should you have any questions, please feel free to call me at (501) 682-0867 or e-mail brownfields@adeq.state.ar.us.

Sincerely,

A handwritten signature in black ink that reads "Tamara Almand". The signature is fluid and cursive, with the first name "Tamara" and last name "Almand" clearly distinguishable.
